Mr. James Williams
292 S 100 W
Minersville, Ut 84752

Dear Mr. Williams:

Re: Pitot Tube Service

In March, 1994, a notice was sent to the water users in the Milford Area informing them that they could subscribe for the pitot tube measurement alternative prior to April 15, 1994, rather than installing measuring devices as outlined in the 1992 notice, which was amended by the March, 1994 notice.

In order to sign up for the pitot tube service we need both a "Water Meter Option Form" and a "Release Form", which are enclosed. It is necessary that all past due and current assessments are paid, plus a pitot tube service fee of \$75.00 per well. If these are not received by July 7, 1995, this office will issue an ORDER to cease the use of water.

If you have any questions, please call John Larsen at 538-7431 or me at 538-7380.

Sincerely,

Lee H. Sim, P.E.
Assistant State Engineer
for Distribution
